Monroe Parks and Recreation Youth Basketball Travel Program Info 2025-2026 Tryout Info

- There will be 8-10 players on a team based on positions/ability if we get enough talent to safely enter the travel programs. It's not guaranteed we will be able to offer a team at every level. Parks and Recreation Department will determine after all tryouts how many teams we can offer. There will only be one team for any given grade group. If your child is not selected, they are encouraged to play in the regular recreation program.
- Teams will play in either the Fairfield County Basketball League (FCBL) or Milford Knights League and play would be from November-March. Games will be dictated by the league and schedule given to us, plus when we can get gym time to host games in Monroe. We will also participate in the Tip-off tourney and/or Hoop fest.
- Fees will cover basic uniform, referees, gym rental and league entry.
- There will be 1-2 nights per week of practices and games could be on Friday, Saturday or Sundays. Attendance is very important! A player can play in both the youth recreational league and travel program, but must be committed to attend all practice/games for both teams. Attendance is very important!
- Coaches are volunteers and must have basketball experience.
- Final registration, payment and uniform sizes will be decided quickly after team is chosen.
- Registration for try-outs with payment of \$25.00 must be completed before September 21, 2025. If you make one of our teams, then that fee will go towards your tuition for the travel program. If you do not make one of our travel teams, then the fee will go towards your league fee playing in our youth recreation program. There are no refunds.
