**Registration for all Men's 35/over Softball League players must be completed on the official program website
NO LATER THAN April 2, 2026.**

The portal will open as of March 6, 2026.

All new players to the league must create a family account if they don't already have one www.MONROEREC.org and then register for the Men's 35/over Softball League.

Returning players regardless of team they were on last season need to head to same website and use their family account to register for the 2026 season.

Also update any changes to contact emails/phone numbers as this is how we will communicate.

Please answer all questions and select "yes" to email and text alerts, plus put what team you are playing for.

Not everyone will be on the same team as last season and we are looking to add one more team.

If you or team member have any issues with registration, please contact the office during normal business hours of 8:30 am-4:30 pm Monday-Thursday and Friday 8:30 am-1:30 pm. Stacey, Diana and Chris can assist with registrations, collect rosters and team sponsorship payments.

Specific roster, league or game issues will only be dealt by Missy/Glenn with communication through managers only.
